Project Description

COVID-19 related school closures have revealed that distance learning is uniquely challenging for students of initial education and Early Childhood Development (ECD) services. The proposed TC will respond to this challenge by addressing two areas of ECD. The overall objective is twofold: (i) expand a regional survey and behavioral economics pilot to one additional country; and (ii) develop and pilot a model for growth mindset among caregivers and young children in vulnerable communities.

Investment Description

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
