Project Description

Strengthen the capacities of public and fiscal management policymakers in Latin America and Caribbean countries (LAC); through the preparation and application of a set of indicators that makes it possible to compare the relative performance between countries, and with the member countries of the Organization for Economic Cooperation and Development (OECD), contributing to the strengthening of public institutions. These indicators will be published in a fourth edition of the Government at a Glance LAC, which will be published jointly between the IDB and OECD. This publication provides internationally comparable data for the use of policymakers and citizens in general.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
