## Project Description

Building on this experience, the IDB and AFD seek to continue partnering in key areas for LAC's development and therefore this TC will support efforts, based on country's needs and requests, to build low carbon and resilient projects. In particular, the operation will continue to support areas for potential cofinancing such as: (i) developing lessons learned on adaptation planning; (ii) low carbon and resilient social housing; and (iii) innovative policy and financial instruments to enhance the impact of development projects towards a development path aligned with the Paris Agreement.

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
