Integrated Management of Water Resources in the Pantanal - Upper  
Paraguay River Basin and in the Lempa River Basin

## Quick Facts

<b>Countries</b>	Bolivia, Brazil, El Salvador, Honduras, Paraguay
<b>Specific Location</b>	Paraguay River; Lempa River
<b>Financial Institutions</b>	Inter-American Development Bank (IADB)
<b>Status</b>	Approved
<b>Bank Risk Rating</b>	C
<b>Borrower</b>	Regional
<b>Sectors</b>	Technical Cooperation, Water and Sanitation
<b>Investment Type(s)</b>	Advisory Services, Grant
<b>Investment Amount (USD)</b>	\$ 0.63 million
<b>Project Cost (USD)</b>	\$ 0.63 million

## Project Description

The objective of this TC is to develop methodologies for the integrated management of transboundary inland water systems (surface and groundwater), in the Pantanal - Upper Paraguay River Basin and in the Lempa River Basin, supporting governments to develop information systems for decision-making and international coordination and planning mechanisms, in a context of mitigation and adaptation to climate change.

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
