Civic Tech to Improve Environmental Performance in Cities

IADB-RG-T3926

Quick Facts

Countries	Colombia, Ecuador, Peru
Financial Institutions	Inter-American Development Bank (IADB)
Status	Closed
Bank Risk Rating	C
Voting Date	2022-03-24
Borrower	IDB borrowing countries
Sectors	Climate and Environment, Technical Cooperation
Investment Type(s)	Advisory Services
Investment Amount (USD)	$ 0.25 million
Project Cost (USD)	$ 0.25 million

Project Description

The goal of this technical cooperation is to help LAC cities address environmental degradation and contribute to climate change mitigation. To do this, this TC will help deploy civic technology (i.e., based on open-source and focused on increasing citizen participation) to monitor and help improve environmental quality in select cities in Colombia, Ecuador and Peru.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
