Early Warning System

IADB-RG-T3938

Soil Nanofertilizers and Nitrous Oxide Emissions

Early Warning System

Soil Nanofertilizers and Nitrous Oxide Emissions

Quick Facts

Financial Institutions Inter-American Development Bank (IADB)

StatusApprovedBank Risk RatingCBorrowerRegional

Sectors Agriculture and Forestry, Climate and Environment, Law and Government, Technical Cooperation

Investment Type(s) Grant

Investment Amount (USD) \$ 0.20 million
Project Cost (USD) \$ 0.64 million

Early Warning System Soil Nanofertilizers and Nitrous Oxide Emissions

IADB-RG-T3938

Project Description

Quantify the effect of nanofertilizers use on fertilization efficiency and the mitigation of nitrous oxide emissions.

Early Warning System Soil Nanofertilizers and Nitrous Oxide Emissions

IADB-RG-T3938

Investment Description

• Inter-American Development Bank (IADB)

The countries' counterpart amount to USD 436,735.

Early Warning System Soil Nanofertilizers and Nitrous Oxide Emissions

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (Spanish).
