<b>Investment Type(s)</b>	Advisory Services, Grant
<b>Investment Amount (USD)</b>	\$ 0.60 million
<b>Project Cost (USD)</b>	\$ 0.60 million

## Project Description

Strengthening the quality infrastructure at the Andean level through: (i) the exchange of technical professionals (evaluators and technical experts) in order to meet the needs for accreditation evaluations in different countries, through the creation of a technological tool that allows storing in real time the information of authorized professionals for different accreditation schemes, and view all the technical professionals authorized to participate in accreditation processes in the Andean Community (CAN); (ii) the integration and use of information from accreditation bodies; and (iii) the establishment of a training center for evaluators and technical experts.

## Investment Description

- Inter-American Development Bank (IADB)

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
