DIGITAC HUB: Digital Hub for Automotive Freight Transportation

Quick Facts

Financial Institutions	Inter-American Development Bank (IADB)
Status	Approved
Bank Risk Rating	C
Borrower	Regional
Sectors	Climate and Environment, Law and Government, Technical Cooperation, Transport
Investment Type(s)	Advisory Services, Grant
Investment Amount (USD)	$ 0.40 million
Project Cost (USD)	$ 0.50 million

Project Description

Creation of a HUB for the automotive freight transport industry that will be consolidated as an operating arm for the sector ministries and will function as a "one-stop-shop" for companies, seeking to establish an ecosystem of work and exchange of data and knowledge with the objective of helping to build more efficient routes for the adoption of digital and green technologies in the sector. The HUB will work specifically on two complementary axes: (i) Business management and future vision - offering courses on opportunities for digital and energy transformation; access to financing, sample and piloting of solutions provided by start-ups; and the possibility of developing specific studies requested by its members. (ii) Digital Transformation - generating data and solutions based on digital technologies provided by established firms, start-ups, MDBs and public sector entities, data storage and governance mechanisms and analytical tools.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
