Promotion and Field-based Review of Korean Trust Funds (KPK, KPR, KPC, KPS, KIF)

Project Description

This Technical Cooperation (TC) aims to promote and conduct a field-based review of Korean donor funds by (1) producing promotional materials, (2) implementing a field-based review of Korean Fund financed results and / or impact achieved, and (3) organizing a regional workshop, as well as KTF promotion webinar/seminars at IDB to disseminate the knowledge generated as a result of the Funds' activities. The expected target audience are the Donor, Korean entities interested in engaging in LAC countries, TC beneficiaries in LAC, IDB/IDB Invest departments, and interested partners in the LAC region. The envisioned KTF review will also generate inputs for an overall enhanced cross fertilization and articulation among the non-reimbursable and reimbursable financing "windows" by KTFs at the Bank.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
