Planning and Market Research for the Development of Innovative Tourism in the Amazon

Project Description

The general objective of the TC is to support the Initiative for the Sustainable Development of the Amazon Region launched by the Bank, providing technical inputs to prioritize investments in the bioeconomy axis, which includes the tourism sector. The specific objective is to deliver a technical roadmap on investment priorities in sustainable and innovative tourism, agreed with the main local actors of Amazonian destinations with greater tourist potential.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
