### **Project Description**

To support the structuring of the Caribbean Water Utility Insurance Company (CWUIC SP) as a segregated portfolio within the Caribbean Catastrophic Insurance Facility (CCRIF SPC). CWUIC SP will be created as an insurance vehicle specifically for insuring water utilities in the Caribbean for natural disasters. CWUIC SP can result in economies of scale that reduce costs and allow the utilities to obtain reinsurance on improved terms.

#### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
