The water: adding sustainable value with greener skills and jobs

IADB-RG-T4113

Quick Facts

Financial Institutions	Inter-American Development Bank (IADB)
Status	Proposed
Bank Risk Rating	U
Borrower	Regional
Sectors	Agriculture and Forestry, Water and Sanitation
Investment Type(s)	Advisory Services
Investment Amount (USD)	$ 0.75 million
Project Cost (USD)	$ 0.75 million

Project Description

This TC seeks to face the urgency of preserving subregional water resources by identifying and developing innovative solutions, based on the generation of evidence, to generate and/or transform jobs and businesses and greener learning paths. Specifically, it aims at the study, identification and development of learning and work trajectories in sectors such as agriculture, agriculture, food, tourism and forestry, anticipating the needs of human capital formation in collaboration with the subregional productive sector, training providers and national governments and /or premises, as well as in the water and sanitation sector itself.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
