Borrower	IDB borrowing countries
Sectors	Finance, Technical Cooperation
Investment Type(s)	Advisory Services
Investment Amount (USD)	\$ 2.15 million
Project Cost (USD)	\$ 2.33 million

### Project Description

According to the IADB, the objective of the IDB Regional Green Bond Partnership for Latin America and the Caribbean (the Program) is to aid the development of the green and sustainable capital market with green components in the LAC region by promoting transparency and quality standards as well as fostering innovative green solutions (e.g., guarantees) or green products (e.g., green covered bonds). The Program works simultaneously on the supply-side of bonds, by supporting their issuance, and on the demand side, by generating transparency and comparability for investors. The direct beneficiaries will be all public issuers in the region, such as sovereigns, sub-nationals, national development banks and State-Owned Enterprises (including public utilities). Indirect beneficiaries include private sector stakeholders, such as corporate green bond issuers, stock exchanges and investors.

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
