Project Description

According to the Bank's website, the general objective of this Technical Cooperation (TC) is to assist Caribbean countries assess the potential for marine renewable energy (MRE) - offshore wind - and identify alternative low carbon pathways to decarbonize maritime transportation and port energy services. The specific objectives are: (i) assess technical, institutional and regulatory dimensions, business models, environmental and social challenges and mitigation measures for MRE development with a focus on but not limited to off-shore wind power and low-carbon shipping and port energy services; and (ii) support capacity building to develop local human capital to embrace and implement such initiatives.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
