Building Resilient, Inclusive, and Low-Carbon Supply Chains in Latin America and the Caribbean: Innovative Policies and Regulations in Infrastructure, Transport, and Logistics

Building Resilient, Inclusive, and Low-Carbon Supply Chains in Latin America and the Caribbean: Innovative Policies and Regulations in Infrastructure, Transport, and Logistics

Quick Facts

Financial Institutions	Inter-American Development Bank (IADB)
Status	Proposed
Bank Risk Rating	U
Borrower	Regional
Sectors	Climate and Environment, Industry and Trade, Technical Cooperation, Transport
Investment Type(s)	Advisory Services
Investment Amount (USD)	$ 0.46 million
Project Cost (USD)	$ 0.46 million

Project Description

The RPG includes the following components and products: 1. Diagnosis of weaknesses and opportunities in supply chains. It includes: i) diagnosis with prioritization of strategic chains and relevant regional footprint ii) regional diagnosis of vulnerabilities in the logistics system and opportunities for improvement and iii) regional methodology to estimate emissions and resilience in logistics systems. 2. Proposal of policies and a regulatory architecture for the logistics system. Policy toolkits and policy matrices will be developed to guide countries in the implementation of public policies and that allow scalability to other countries not participating in the RPG. Among others, policies will be designed to: i) expand adaptation to climate change in logistics systems ii) promote modal changes; iii) promoting alternative fuels and electric mobility; iii) expand access for SMEs iv) accelerate technology adoption in trade facilitation. 3. Country-level roadmaps. Includes: i) implementation roadmap for each beneficiary country; ii) online course for capacity building for policy implementation.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
