## Project Description

The RPG proposes an instrument to operate the Regional Policy already formulated in the Central American region, taking into account national initiatives to ensure educational quality. The objective is to develop a Central American system of recognition, validation and accreditation (RVA) of basic skills. The specific objectives are: (i) Recognize the value of formal and informal learning; (ii) Develop a common understanding of RVA and outline the main considerations in the development of a regional RVA system; (iii) Develop tools, standards and mechanisms to identify, document, validate and recognize non-formal and informal learning outcomes; and (v) Create and pilot a joint digital-based Central American RVA platform.

## Investment Description

- Inter-American Development Bank (IADB)

## Contact Information

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
