Borrower	Regional
Sectors	Technical Cooperation, Water and Sanitation
Investment Type(s)	Grant
Investment Amount (USD)	$ 0.50 million
Project Cost (USD)	$ 0.50 million

Project Description

According to the Bank’s website, the main objective of this TC is to assist IDB's borrowing member countries in strengthening their capacities and improving their knowledge in integrated management and policymaking in the areas of solid waste and water. This approach promotes preventive solutions and cost-effective management in dealing with urban and rural environmental problems aggravated by water and waste mismanagement. This approach promotes preventive solutions and cost-effective management in dealing with urban and rural environmental problems aggravated by water and waste mismanagement. The specific objectives of the TC are to: (i) identify opportunities for an improvement in the current operational management of water and solid waste facilities at national and/or local levels in Latin America and the Caribbean (LAC) region; (ii) strengthen capabilities of LAC for a more comprehensive policy-making in those sectors by disseminating best practices of South Korea and enhancing adaptabilities of locally operational solutions to the region; and (iii) leverage South Korea's experiences in integrated policymaking and digitalized technologies across water and sanitation sectors, including but not limited to metropolitan solid waste, sewage treatment, and drinking water services.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
