### Project Description

According to the Bank's website, the general objective of this Technical Cooperation (TC) is to support the integration process of the Andean Community (CAN), a sub-regional organization composed of Bolivia, Colombia, Ecuador, and Peru. In particular, this TC will focus on the areas of strengthening intra-regional trade through trade facilitation and regulatory convergence; implementation of the Andean Digital Agenda; and the reactivation of tourism. In addition, this TC will allow the identification of synergies with other LAC integration mechanisms.

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
