Status	Proposed
Bank Risk Rating	U
Borrower	Regional
Sectors	Finance, Law and Government, Technical Cooperation
Investment Type(s)	Grant
Investment Amount (USD)	\$ 0.25 million
Project Cost (USD)	\$ 0.25 million

### Project Description

According to the Bank's website, the general objective of this TC is to support the technical capacity of public sector institutions to promote inclusive digital payments through the modernization of public policy frameworks and the design, implementation and/or piloting of new public sector programs or interventions. This will be achieved through: (1) generating the necessary knowledge and technical recommendations to better understand current and evolving digital payments ecosystems, its participants, risks and opportunities to modernize policy and regulatory frameworks and to identify and design public sector interventions conducive to improving access and usage of digital payments, in particular of women and poor and vulnerable population; (2) support two countries in pilot interventions that test novel approaches for inclusive payments and (3) actively disseminating and discussing the knowledge and lessons learned generated.

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
