## Project Description

According to the Bank's website, the objective of this Technical Cooperation (TC) is to support key actors (service providers and regulatory and supervision agencies) in the design and implementation of integrity policies, mechanisms, and practices in the W&S; sector, through activities that will support : (i) the preparation of diagnoses to identify weaknesses and the design and implementation of action plans to strengthen integrity practices in operators and regulators in the region; (ii) strengthening systems and mechanisms for transparency and information management, to improve internal and external communication; and (iii) knowledge generation and dissemination activities.

## Investment Description

- Inter-American Development Bank (IADB)

## Contact Information

No contact information provided at the time of disclosure.

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
