Project Description

According to the Bank's website, the general objective of this Technical Cooperation (TC) is to support LAC countries in the implementation of an initiative for digital integration to strengthen regional trade. The specific objectives are: (i) to carry out an analysis on digital integration issues where regional interventions can take place; (ii) generate space for dialogue between LAC countries' authorities in the field of trade to advance a comprehensive agenda of commercial digital integration; and (iii) design a strategy for the interoperability of Single Windows of Foreign Trade that includes the digital, legal, political, and governance dimensions.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
