| Project Cost (USD)      | \$ 0.75 million                             |

## Project Description

According to the IDB, the general objective of the Technical Cooperation is to promote knowledge about the development and integration of innovative solutions in the water and sanitation (W&S) and solid waste (SW) sectors, particularly within the framework of digitalization and digital transformation. This aims to contribute to achieving universal access to W&S and SW services that are managed in a safe, sustainable, resilient, and inclusive manner.

## Investment Description

- Inter-American Development Bank (IADB)

## Contact Information

No contacts available at the time of disclosure

## ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
