Sectors	Education and Health, Technical Cooperation
Investment Type(s)	Grant
Investment Amount (USD)	\$ 0.56 million
Project Cost (USD)	\$ 0.56 million

Project Description

According to the Bank's website, the project consists of develop necessary enablers for the regional digital health ecosystem, which allow the exploitation of the secondary use of regional health data and the adoption of new tools and sources of digital health information, such as personal health information records, Artificial Intelligence, among others. With the purpose of improving disease prevention actions, health care and their continuity. This proposal seeks to strengthen the exchange model implemented in the region, to scale it globally, with the adoption of standards, architectures, governance and protocols of data exchange and interoperability, which LAC countries have been incorporating due to the digital acceleration that the region suffered largely due to the COVID-19 pandemic.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
