Project Description

According to Project Disclosure for Advisory Services Projects document, disclosed by the IDB invest, the bank to aims for its clients to improve and better capitalize data management practices through improved relevant data collection, analysis, and use for decision making. Such assistance for corporates, financial institutions and MSMEs can lead to improvements in productivity, sustainability, and market competitiveness. It will also allow these companies to become more attractive to investors. For financial institutions, better data management can create improved knowledge of their portfolios, allowing for the creation of differentiated products to better serve different segments (e.g., MSMEs, rural segments; youth; silver, women, etc.), and can open new market opportunities as well. For companies in the real sector, better data management can lead to improvements in productivity in operations, better understanding of existing and potential clients' needs and preferences, constructive engagement with MSMEs and other business stakeholders on their value chain, and better management and disclosure of sustainability issues.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
