Investment Amount (USD)	\$ 0.75 million

Project Description

According to the IDB Invest, the objective of these Advisory Services (AS) is to catalyze and unlock private sector financing in low-carbon and sustainable infrastructure investments in Colombia and Mexico, addressing the need to support the design and development of bankable and inclusive projects. The specific objectives of these AS are: (i) to support, promote, accelerate, and enable private investments in low carbon and resilient infrastructure by developing feasibility studies for the sponsor's projects; (ii) to innovate in financial, legal strategic or operational structures for transformational projects aiming at low carbon development; (iii) to develop capacity building and creation of sustainable and inclusive markets.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
