## Supporting Food Security in CARICOM through Trade and Integration

### **Project Description**

According to the IADB, the objective of this regional TC is to increase knowledge on the specific trade-related challenges to increasing food security in select CARICOM countries. The specific objectives are to undertake a national diagnostic and to provide recommendations to countries for optimizing trade policy, reducing non-tariff barriers and improving trade facilitation; and to disseminate these in a workshop designed to increase regional collaboration and cooperation.

#### **ACCOUNTABILITY MECHANISM OF IADB**

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (Spanish).
