<b>Sectors</b>	Technical Cooperation
<b>Investment Type(s)</b>	Advisory Services
<b>Investment Amount (USD)</b>	\$ 0.60 million
<b>Project Cost (USD)</b>	\$ 0.79 million

### **Project Description**

According to the IADB, the aim of the project is to improve efficiency in targeted public institutions of Latin America and the Caribbean (LAC) by using Lean Thinking and Knowledge Management techniques and approaches. This goal will be achieved by carrying out results-oriented pilot interventions that allows to develop in the long run a Lean Center for Governments (LCG). To this end, it is key to continue learning from advanced experiences, particularly from those countries that are world leaders in the crossroads between delivering public services and the use of lean thinking and knowledge management techniques and approaches.

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
