<b>Sectors</b>	Climate and Environment, Technical Cooperation
<b>Investment Type(s)</b>	Advisory Services
<b>Investment Amount (USD)</b>	\$ 0.40 million
<b>Project Cost (USD)</b>	\$ 0.40 million

## Project Description

According to the IADB, this Technical Cooperation (TC) specifically, it will characterize development gaps across aspects such as social, economic, demographic, infrastructure, productivity, production, human capital, and environmental protection actions in Brazil, Suriname and Guyana, linking them to those identified in the AAR. The TC will also build on the original AAR territorial framework by analyzing specific case studies in the Amazon, as a first step to develop comprehensive investment plans in different regions of the continent, which will be identified with operational teams with the Department of Andean Countries and the Amazon Unit at the IDB. This TC is aligned with the Second update to the Institutional Strategy (AB-3190-2) in its efforts to address climate change and environmental sustainability, and to preserve and continue to advance development gains (social exclusion and inequality; low productivity and innovation; and limited economic integration) in the region. Likewise, this TC is in accordance with the objectives of the bank's program, "Amazonia Forever" prioritizing social inclusion and equality; productivity and innovation; and regional economic integration across Latin America and the Caribbean.

## Investment Description

- Inter-American Development Bank (IADB)

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
