IADB-RG-T4489

Support for the implementation of the Central American Trade Facilitation Strategy

Project Description

According to the IDB, the overall objective of this Technical Cooperation is to support the implementation of activities related to trade issues outlined in the update of the Central American Strategy for Trade Facilitation and Competitiveness, continuing the IDB's participation as the region's primary strategic ally in trade matters.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (Spanish).
