## Project Description

As stated by the IADB, the main objective of this Technical Cooperation is to further consolidate the leading role of the Inter-American Development Bank (IDB) as the leading water and sanitation sector institution in Latin America and the Caribbean (LAC). This goal will be achieved by financing the coordination of the Focus on the Americas at World Water Week 2024 and 2025 (WWW), the creation of associated knowledge products and dissemination activities, and leading the organization of the IDB-FEMSA Water and Sanitation Innovation Award 2024 and 2025.

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
