Sectors	Technical Cooperation, Water and Sanitation
Investment Type(s)	Advisory Services
Investment Amount (USD)	\$ 0.50 million
Project Cost (USD)	\$ 0.50 million

### Project Description

According to the IADB, the objective is to consolidate and expand the AquaRating Program, so it becomes a reference for Water and Sanitation (W&A) utilities in the Latin America and the Caribbean (LAC) region and internationally. The specific objectives are: (i) to consolidate the AquaRating Program, through the continuous promotion of the tools available, the execution of studies to quantify the benefit of the use, and the implementation of dissemination activities; and (ii) to expand the AquaRating Program, including the development of additional tools to support the W&S utilities in their decision making, including tools for focused diagnostics and to enhance the use of the diagnostic results.

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
