Bank Risk Rating	U
Voting Date	2024-10-07
Sectors	Finance, Technical Cooperation
Investment Type(s)	Advisory Services
Investment Amount (USD)	\$ 1.00 million
Project Cost (USD)	\$ 1.00 million

Project Description

According to the IADB, this Technical Cooperation (TC) aims to support borrowing member countries in their efforts to improve the effectiveness, efficiency and transparency of public resources, primarily through knowledge management, fiduciary assessments and strategic planning. This is accomplished by supporting countries in: 1) assessing the level of development of their fiduciary systems obtaining or maintaining updated information; 2) identifying international and regional good practice, through technical studies, research and/or performance analysis to support the design of strengthening activities; and 3) developing action and strategic plans to help countries better plan, prioritize and improve their technical capacity.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
