Project Description

According to the IADB, the objective of the project is to promote an inclusive entrepreneurship ecosystem in LAC by supporting founders with disabilities and neurodiverse, as well as non-disabled and neurotypical entrepreneurs with startups focused on populations with disabilities, strengthening their skills, as well as incubating and accelerating their businesses. The project will initially be implemented in Chile and Colombia and will then be extended to other countries in Latin America and the Caribbean.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
