Project Description

According to the IADB, the objective of this TC is to strengthen the capacities of the governments in public-private dialogue at the sectoral level by developing a pilot of executive round table for addressing legal, regulatory, and institutional bottlenecks for sustainable private sector development growth in the Caribbean in strategic sectors in three countries in the region, Jamaica and Suriname. The specific objectives are to: (i) increase coordination measures between public and private sectors for promoting strategic sectors; (ii) develop a methodology to map areas of intervention and/or reform in strategic sectors under a sustainability framework; and (iii) to create and implement executive roundtables for strategic sectors with high growth potential.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
