Borrower	Government of Guatemala and Belize
Sectors	Technical Cooperation, Transport
Investment Type(s)	Advisory Services
Investment Amount (USD)	\$ 0.50 million
Project Cost (USD)	\$ 0.50 million

Project Description

According to the IADB, the objective is to support the process of physical and commercial integration between Guatemala and Belize through the development of technical studies with climate change resilience criteria necessary to: (i) enable a road connection from southern Belize to the Pacific Corridor, in the adjacency zone between the countries; (ii) install an adjacency control center at the border crossing and; (iii) develop complementary studies to advance with the consolidation of the integration process by evaluating integration schemes, coordinated border management and financing for the development and maintenance of infrastructure through public-private collaboration models.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
