IADB-RG-T4629

Model to increase the effectiveness and impact of Institutional Capacity operations

### **Project Description**

According to the IADB, the objective is to contribute to the generation of knowledge about what works and what does not work in response to the Institutional Capacity problems that Latin America and Caribbean (LAC) countries are going through by improving tools and models to increase the effectiveness and impact of Institutional Capacity interventions.

#### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
