<b>Investment Type(s)</b>	Advisory Services
<b>Investment Amount (USD)</b>	\$ 0.34 million
<b>Project Cost (USD)</b>	\$ 0.38 million

## Project Description

According to the IADB, the objective of this Technical Cooperation (TC) is to generate knowledge about how to foster collaborative initiatives among startup enterprises in the water sector from Latin America and the Caribbean (LAC) and Korea. The project aims to facilitate knowledge exchange, technology transfer, and innovation in water management and sanitation, encouraging sustainable solutions through transcontinental partnerships between the two regions.

No contacts available at the time of disclosure

## ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
