## Project Description

According to the IADB, the general objective of this Technical Cooperation is to promote sustainable tourism development in the Peru-Colombia Border Integration Zone (BIZ), fostering binational integration and local socioeconomic well-being while preserving cultural heritage. The specific objectives are: (i) to implement cross-border strategies for sustainable tourism with a regenerative approach; (ii) to diversify and strengthen the supply of community-based tourism and artisanal products; (iii) to establish a tourism operation model based on circular economy principles; and (iv) to create governance mechanisms that guarantee the long-term sustainability of these initiatives.

## ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
