<b>Investment Type(s)</b>	Advisory Services
<b>Investment Amount (USD)</b>	\$ 0.95 million
<b>Project Cost (USD)</b>	\$ 0.95 million

## Project Description

According to the IADB, this TC, part of the Amazon Bioeconomy Marketplace (ABM), aims to strengthen the bio-business ecosystem in Guyana, Peru, and Suriname by increasing exports, increasing access to credit, and attracting investment. The activities in this CT will enhance the skills of 30 Local Business Support Organizations (LBSOs) to provide technical assistance to bio-businesses on these matters. Also, with support from this CT, the Bank will organize two in-person and two virtual business matchmaking events, engaging at least 200 participants, including producers (bio-businesses), buyers, investors, international organizations, and local financial institutions. At least 30% of participating producers will be women, youth, or indigenous populations.

## ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
