IADB-RG-T4734

Support to dissemination of new knowledge in the Early Childhood Development agenda

#### **Project Description**

According to the IADB, the objective of the Technical Cooperation (TC) is to support the design, development, and dissemination of critical knowledge products in the Early Childhood Development (ECD) agenda, including the update of the existing Massive Open Online Course (MOOC), using new technologies that will be added to edX and Coursera; the dissemination of ongoing knowledge products on emerging ECD topics (such as migration, emergency response, and mental health); and the organization of the 2025 Regional Policy Dialogue (RPD) of the Social Protection and Labor Markets Division of the Social Sector (SPL/SCL), which will include the closing event of the ECD Innovation Fund.

#### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
