Investment Amount (USD)	\$ 0.30 million
Project Cost (USD)	\$ 0.30 million

Project Description

According to the IADB, the overall objective of this TC is to support the productive and logistical integration of the non-timber forest products (NTFP) chain in the Amazon region of Bolivia and Peru and to identify opportunities for the development of cross-border productive chains that will increase the participation of local communities in sustainable economic activities based on the use of forest products and their biodiversity, thereby promoting and supporting their long-term conservation.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
