Project Description

According to the IADB, the objective of this Technical Cooperation (TC) is to enhance road safety and promote sustainable, inclusive, and accessible mobility systems in Latin America and the Caribbean (LAC) through the Bank's safe mobility strategy. This initiative aims to save lives by strengthening governance, enhancing urban spaces and road infrastructure, and empowering communities through knowledge and research, with a focus on vulnerable populations such as children, adolescents, elderly, women and People with Disabilities (PWD).

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
