Strengthening and Expansion of CWUIC to Enhance Resiliency in the Water and Sanitation Sector in the Caribbean

#### **Project Description**

According to the IADB, the general objective of this TC is to strengthen and expand Caribbean Water Utilities Insurance Collective (CWUIC) to enhance resiliency in the water and sanitation (W&S) sector in the Caribbean. The specific objectives are: (i) evaluate the performance of CWUIC's three programs: (a) Parametric Insurance Program (regional risk pooling), (b) Response Program (assistance in disaster preparedness and response), and (c) Resilience Program (assistance to strengthen the capacity to withstand hazard impacts through targeted investments), as well as its organizational and governance structure; (ii) strengthen the Response Program; (iii) explore new areas for the Parametric Insurance Program; (iv) enhance the Resilience Program; and (v) implement dissemination and stakeholder engagement activities.

#### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (Spanish).
