<b>Project Cost (USD)</b>	\$ 0.13 million

## Project Description

According to the IADB, the objective is to strengthen portfolio effectiveness by improving firm selection and output delivery practices in innovation and entrepreneurship projects in the Latin America and Caribbean (LAC) region. The specific objectives are: (i) to document and disseminate good practices in firm selection, building on international and regional evidence; (ii) to develop practical tools and offer expert support to executing agencies to improve their selection mechanisms; (iii) to map operational best practices in output delivery and identify common challenges; (iv) to produce guidance materials and learning events to build agency capacity in project implementation.

## Investment Description

- Inter-American Development Bank (IADB)

## ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
