AmazoniaForever360+ Phase 2: Regional Scaling and Country Level Territorial Intelligence

Project Description

To scale AmazoniaForever360+ as the definitive territorial intelligence platform for Amazonia through systematic market deployment building a robust user community, development of Country Territorial Intelligence Hubs providing higher resolution data at the national level, strategic integration with ACTO's Amazon Regional Observatory creating a unified regional ecosystem, and implementation of the Governance and Sustainability Plan establishing institutional frameworks that ensure long-term viability as an IDB-led regional public good.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
