Investment Amount (USD)	$ 0.25 million
Project Cost (USD)	$ 0.25 million

Antigua & Barbuda and Trinidad and Tobago: Strengthening Regional Institutional Capacity for Sustainable and Inclusive Financing (SIF)

Project Description

According to the IADB, the objective of this TC is to build regional and institutional capacity to design and operationalize sustainable, inclusive financing mechanisms that strengthen SMEs' climate resilience and serve as a model for sustainable financing across the Caribbean. In Antigua & Barbuda, the focus is to operationalize a Sustainable Resilience Facility (SRF) targeted to women SMEs. In Tobago, a feasibility analysis will inform the design of a Green Financing Facility (GFF), to channel investment into the UNESCO Biosphere Reserve.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
