Project Description

According to the IADB, violence against women and girls is one of the most significant development challenges in the region and its response faces a financing gap. The TC will support the systematization, financing, and scaling up of interventions for its prevention as well as services to survivors. The TC seeks to strengthen comprehensive and coordinated approaches with key sectors such as justice and security. The TC responds to the requests and agreements consolidated during the 2025 Regional Policy Dialogue "Violence Against Women: Toward a Comprehensive and Coordinated Approach."

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
