Project Description

According to the IADB, the objective is to pilot a capacity-building framework to strengthen climate-smart, gender-responsive governance and business practices in the tourism sector across the Commonwealth of Dominica, Grenada, Saint Kitts and Nevis, Saint Lucia and Saint Vincent and the Grenadines. The Technical Cooperation (TC) will enhance institutional capacity, support Micro, Small and Medium Enterprises (MSMEs) through targeted technical assistance, and promote low-carbon, resilient practices aligned with regional and international commitments, bridging policy, institutional capacity, and private-sector preparedness within the OECS tourism sector.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
