Technical Assistance for Climate Resilience in Small and Medium-sized Enterprises (SMEs) in
OECS beneficiaries to the Caribbean Community Resilience Fund (CCRF)

Quick Facts

Financial Institutions	Inter-American Development Bank (IADB)
Status	Proposed
Bank Risk Rating	U
Borrower	IDB borrowing countries
Sectors	Finance, Technical Cooperation
Investment Type(s)	Advisory Services
Investment Amount (USD)	\$ 2.76 million
Project Cost (USD)	\$ 2.76 million

Project Description

According to the IADB, the objective is to provide demand-driven technical assistance to SMEs and other private-sector entities in the CCRF eligible countries within the OECS to structure, finance, and implement climate-resilient and adaptation-linked investments. The TC will strengthen investment readiness, project bankability, operational efficiency, climate resilience, decarbonization, gender equality and inclusion, and impact measurement for enterprises and projects seeking financing from the Caribbean Community Resilience Fund (CCRF), IDB Invest, CDB, or other public and private sources of capital.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
