Voting Date	2026-06-30
Borrower	IDB borrowing countries
Sectors	Technical Cooperation, Water and Sanitation
Investment Type(s)	Advisory Services
Investment Amount (USD)	\$ 0.50 million
Project Cost (USD)	\$ 0.50 million

Project Description

According to the IADB, the general objective of this technical cooperation is to contribute to improved management of public W&S operators across LAC to improve the sustainability, resilience, and effectiveness of infrastructure investments. The specific objectives are: (i) to develop a practical, evidence-based methodology for identifying, prioritizing, designing, and monitoring strategic actions to improve the management of water and sanitation (W&S) utilities; and (ii) to promote the adoption and application of this methodology among utilities and sector stakeholders through targeted dissemination, capacity building, and knowledge products.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
